Preparing for Spring 2022 Instruction?
As you prepare for the start of semester on January 18, review our Start of Semester checklist (https://go.iastate.edu/79NYYZ) to see what exactly should be done in your course.

Different Methods to Engage Students
The Spring 2022 semester is quickly approaching. Last week, Senior Vice President and Provost Jonathan Wickert provided guidance for Spring 2022 instruction (https://go.iastate.edu/IJKJHA) following the University's announcements of Spring procedures and health measures.

These ideas for engaging students may be helpful for encouraging participation in different modalities and scenarios. Active learning will look different depending on the modality:

- **Engagement with Instructor**: Maintain a daily presence in your course by providing introductory videos or using video/audio feedback with these feedback tips (https://go.iastate.edu/SEQZJF)
- **Student-to-Student Engagement**: Incorporate and facilitate meaningful group work with this helpful guide (https://go.iastate.edu/XDG8WN)
- **Engagement with Course Content**: Improve your course accessibility (https://go.iastate.edu/POGPTD) and ensure that your course content is accessible to all

More information and suggestions can be found on the CELT website (https://go.iastate.edu/1Q8MWV).

We wish you a happy and healthy start to the New Year and look forward to having a great Spring 2022 semester with you!

CELT Open Labs - Your Feedback Requested
CELT Open Labs will take place during Spring 2022 instruction. We invite all instructors to fill out this very brief Qualtrics survey (https://go.iastate.edu/HFWAV7) about your general day and time availability so our Open Labs can meet the availability of the majority of the campus community. Please complete this survey by January 21. We will announce the Spring 2022 Open Labs days and times in the 1/27 Teaching Tip and on the CELT website.
New Canvas LTIs Available

Over the Winter break, several new Learning Tools Interoperability (LTIs) were integrated to work with Canvas. The following LTIs are now available for use at Iowa State for instructors in Canvas:

- ALEKS
- MyBusinessCourse
- MyEducator
- GreatRiverLearning
- H5P

Read more about the availability of these LTIs on the CELT website (https://go.iastate.edu/DCGZP8).
